#### INFORMATION AND PROCEDURE REGARDING THE INFORMATION REQUESTS

- Due to the high number of phone calls received at the assessment service following the tabling of the new assessment roll, we have programmed a voice mailbox. Please call **819-827-0516 extension 2239**.
- When leaving a message, taxpayers are asked to mention the municipality, the registration number or address of the property, their phone numbers and a **brief** message identifying the reasons for the call.
- All calls will be returned within 10 business days.
- If a taxpayer wishes to meet with us, an appointment has to be fixed by calling **819-827-0516 extension 2239** (some sanitary measures can apply).
- If a visit of the property is necessary, it will be done in **March of 2022**.
- Should the owner's request be justified, we will propose a new value and furthermore issue a "Notice of Correction Ex Officio".
- If the taxpayer does not agree with the proposed value or if no recommendation is made, we will suggest the taxpayer to fill out a "Request for Assessment Review" **on or before April 30<sup>th</sup>, 2022**:
